FOR IMMEDIATE RELEASE

THE METROPOLITAN HOSPITALITY GROUP SECURES LONG-TERM CONTRACT WITH THE CITY OF SOUTH PERTH

The Metropolitan Hospitality Group is pleased to announce the recent renewal of a long-term contract with the City of South Perth.

Since early 2020, Indigo Bay has provided premium end-to-end catering and events hosted by the City of South Perth in a variety of function spaces: onsite at the Council's function areas, events on the Swan River foreshore overlooking the city of Perth, and large public outdoor concerts and events.

Christian Fogliani, CEO of The Metropolitan Hospitality Group, said it was the continuation of a great relationship, and reward for years of hard work during the pandemic.

"We are immensely proud to continue with the City of South Perth as their catering and event partner in this long-term capacity, and we look forward to continuing to provide our genuine warmth, premium guest services, and innovative culinary experiences for many more years to come," he said.

The team at The Metropolitan Hospitality Group is thrilled with this new step, and its growth in the thriving Western Australian hospitality sector.

The Metropolitan Hospitality Group is a locally owned hospitality business, focused on sustainable and socially responsible practices. The team is proud of its diversity and inclusivity, with a strong female participation rate, and a commitment to employing and empowering Indigenous staff. Services offered include cafes on refinery sites, facility supplies to mine sites, off-site catering contracts, boutique eateries, and on-site functions and events at Mineral Resources Park, headquarters of the West Coast Eagles football club.
